

The Road to Recovery

How private employment services support companies, workers and societies in the new normal

World Employment Confederation-Europe/Bundesarbeitgeberverband der Personaldienstleister
webconference on the occasion of the German EU Council Presidency

27th October 2020, 11:00 – 12:30 CET

While Germany holds the EU Council Presidency in the second half 2020, the COVID-19 pandemic continues to dominate the European political questions.

Key questions centre on how to ensure a safe return to work in the new normal, on how labour markets needs to adapt in the context of the deep economic recession caused by economic lockdown, and how to support the economic and social recovery.

The World Employment Confederation-Europe published recently a comprehensive [policy paper](#), outlining key concepts and recommendations for the economic and social recovery.

The webconference of the World Employment Confederation-Europe and its German Member, the Bundesarbeitgeberverband der Personaldienstleister aims to provide a platform for discussing policies and solutions to pave the way for the economic and social recovery, building on the role of the private employment services industry.

Main speakers:

- Björn Böhning, State Secretary of the German Ministry of Employment and Social Affairs
- Sebastian Lazay, President Bundesarbeitgeberverband der Personaldienstleister
- Bettina Schaller, President of the World Employment Confederation-Europe
- Holger Schäfer, Senior Economist, IW Institute Cologne
- Ulrich Weiss, HR Director, Philips Medizin Systeme Böblingen GmbH

The webconference will be moderated by Jan Ole Schneider, Vice-President of Bundesarbeitgeberverband der Personaldienstleister.

Simultaneous interpretation from and into English and German will be provided.

To participate, please sign up [here](#). After registration, you will get a confirmation email with the details to connect. You must click 'add to calendar' on the registration page to save the link and invitation into your calendar.
